- Access to discounted services, enhancing your wellness journey.

By becoming a valued member, you unlock an array of advantages that ensure your weekends are filled with joy, discovery, and enrichment.

NuStreams Conference & Culture Centre and the Tech Art Gallery

"Unlock a world of boundless weekends!"

Welcome to our sanctuary where art transcends traditional boundaries and enters the digital realm. Here, creativity knows no bounds, and innovation thrives!

In the vibrant city of Ibadan, Nigeria, there lays a sanctuary of innovation. Much like the impressionists of the past, this sanctuary challenges the traditional art establishments you would see in 19th-century France.

NuStreams Conference & Culture Centre, in collaboration with the Tech Art Gallery, is redefining creativity, innovation, and community in the 21st century. Would you follow the well-worn path of conventional education, or would you venture into a world where boundless possibilities await?

The Tech Art Gallery, a beacon of contemporary art, showcases the power of technology to reimagine artistic expression. You can explore immersive displays, interactive exhibitions, and workshops that push the boundaries of creativity. The marriage of art and technology will not just be celebrated; it will be a way of life.

Program subject to change without notice.

Non-members are required to pay an entry fee to participate in these programs.

The NuStreams' membership program becomes YOUR gateway to this world of possibilities. You will not only have unrestricted access to workshops, but you can also nurture your artistic talents and connect with mentors and fellow innovators. Just as the Impressionists found freedom in setting up their own exhibition, you can find the creative freedom you yearn for.

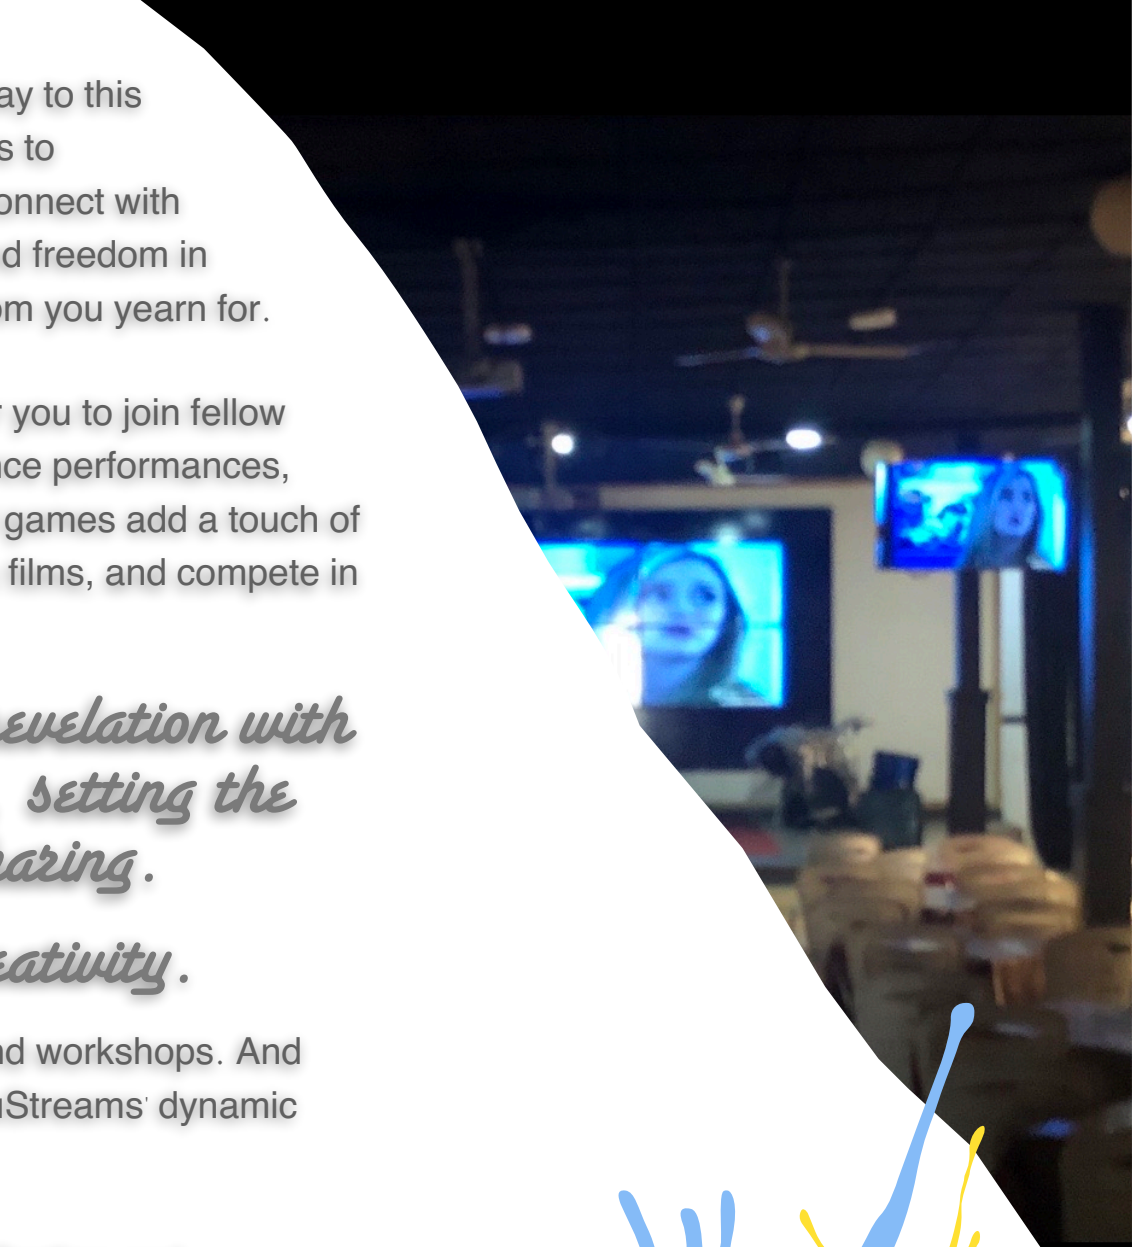

More than just a venue; NuStreams is a cultural melting pot for you to join fellow members in celebrating diversity through cultural festivals, dance performances, exotic cuisines, and lasting friendships. Poolside cinemas and games add a touch of magic to our gatherings. Under the stars, we will watch classic films, and compete in friendly games that fuel our competitive spirits..

Friday evenings by the poolside are a revelation with Live music, infused with technology, setting the stage for relaxation and idea-sharing.

Saturdays are a whirlwind of creativity.

Mornings bring tech art explorations, interactive exhibitions, and workshops. And Lunch breaks are opportunities for engaging discussions at NuStreams' dynamic café, where ideas flow as freely as the sweetly spiced Zobo

Tech storytelling sessions on Sundays become moments of reflection and inspiration as you get to learn from pioneers in the field, much like the Impressionists found inspiration in their fellow artists.Our weekends usually conclude with a farewell dinner and a tech-inspired dance party, call it our Celebration Eve.

Gym Facilites Included

Find Your Tribe

Choose a Plan that best suits You:
